TRANSITION FROM THE FORMER TO THE LATTER
HAPPENED DURING THE 19TH CENTURY

HANDWRITING SAMPLE OF ALBERTA WATSON

On March 26, 1968, at 9:45 AM, the Plaintiff
Baron Levin Requests that this Court issue a writ of
Habeas Corpus and that the Court require the Plaintiff
to file the Petition for the Second Bar Conference
hearing on the plaintiff's litigation for the next business
day or the Court will issue a writ of habeas corpus.

1. The main effect of the independent variable of the study was the amount of time spent on the task. The dependent variable was the number of errors made. The results showed that the amount of time spent on the task was significantly related to the number of errors made. The more time spent on the task, the more errors were made. This relationship was significant at the 0.05 level.

[illegible]

2. The court is to preside, Mr. [redacted] is to be called and
asked. Therefore, he produces to challenge the presentation of
evidence, in order to argue the grounds of his complaint
